

encyclopedia of literature and pdf

Literature, most generically, is any body of written works. More restrictively, literature refers to writing considered to be an art form, or any single writing deemed to have artistic or intellectual value, often due to deploying language in ways that differ from ordinary usage.

Literature - Wikipedia

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance. All plays depend upon a general agreement by all participants—author, actors, and audience—to accept the operation of theatre and the conventions associated with it, just as players ...

An encyclopedia or encyclopaedia is a reference work or compendium providing summaries of knowledge from either all branches or from a particular field or discipline. Encyclopedias are divided into articles or entries that are often arranged alphabetically by article name and sometimes by thematic categories. Encyclopedia entries are longer and more detailed than those in most dictionaries.
