Hello friends, I recommend you all students to understand the project concept completely before you decide a project topic. Shortlist multiple topics first, have a thorough research on each project idea, ask questions about each task involved in the project, what you are going to create, what should be the output, what are the hardware and Android versions required etc. Select one topic out of ...

Android project list for students. A collection of latest

Project Excalibur was a Lawrence Livermore National Laboratory (LLNL) research program to develop an X-ray laser as a ballistic missile defense (BMD). The concept involved packing large numbers of expendable X-ray lasers around a nuclear device. When the device detonated, the X-rays released by the bomb would be focused by the lasers, each of which would be aimed at a target missile.
